The ADVERTISER

[XX^th Year.] THURSDAY, March 28, 1765 [N^o. 1033.]

The particular Methods made Use of by the principal People that raise HEMP *in* GREAT-BRITAIN, *which differ not at all from what made Use of by the People of* RUSSIA, *viz.*

1. THE Land to be strong, and wrought up fine.
2. To Sow about the 20th of April.
3. To Sow about 10 Pecks to an Acre.
4. Let it stand about 13 Weeks.
5. When it is Ripe it will turn Yellow, and the Leaves drop.
6. Pull it, and tie it with the under-Hemp in Bunches about two Spans.

To DEW-ROT.

1. Lay it on the Land.
2. Spread it at such a Distance as a Person can Walk between the Rows.
3. Turn it often when it is Dry.
4. When you Rub it, if it is enough, it will come clear from the Stalk at the Head.
5. Get it in Bunches, and tie it with its own.
6. When it is Dry get it in, and keep it so.
7. Then Dress it with Hemp-Brakes.

To WATER-ROT.

1. Tie it in Bunches, as the other.
2. Make Beds about 16 Feet square, and two Feet deep.
3. Keep it under Water, but not to touch the Bottom.
4. To know when it is enough, put your Hand into the Middle of the Bed; and if it feel Soft and Slimy, then get it on the Land and spread it as the other; and when Dry get it in, and keep it so, and Dress it as the other.

N. B. Having likewise made myself thoroughly acquainted with every Clause in the Act for the Bounty on HEMP from the British Plantations, it is highly recommended that such Hemp be Shipped well Broke and Cleaned, with a Certificate of its Growth.

WILLIAM TIPPELL, Broker,
For the American Hemp, at the
Virginia Coffee-House, London.

LONDON, *December* 18.

ON Saturday, at the Old Bailey, Sarah Lane, otherwise Sarah Wife of William Marchant, otherwise Sarah Wife of George Errington, otherwise Sarah Wife of Thomas Flint, otherwise Sarah Wife of Thomas Morgan, otherwise Sarah Wife of Adam Snodgrass, was Indicted for Bigamy, to which she pleaded Guilty, and will receive her Sentence at the End of the Sessions.

Jan. 5. Certain Advices are received, that the Spaniards have already formed one Encampment on the Borders of Portugal, near Almeida, and are in great Forwardness with another, to consist of 15 Battalions, and 24 Squadrons. The King of Portugal has ordered all his Officers to join their Corps.

Private Letters from Cadiz say, that 4 Ships of the Line, 3 Frigates and a Bomb-Ketch, are fitting out in that Port, intended, it is thought, for an Expedition against the Portuguese Settlements in the Brasils.

Advices from Naples of the 4th say, that to their own Misfortunes, occasioned by the rumbling down of their Houses, and the Inundations of their Rivers, are now added the Afflictions, that an epidemical Distemper is broke out again among them in several Places.

Last Night an Express arrived at the Secretary of State's Office, and this Morning, we hear, the same was laid before his Majesty. It is said to come from France, and to have brought a conclusive Agreement relative to certain Matters lately controlled.

Extract of a Letter from Plymouth Dock, Jan. 1.

"This Day was paid off the Speedwell Sloop of Darcy Man of War, and remains with the Phœnix and Solebay Frigate.

"The Talk in these Parts of a Fleet Sailing first from this Place, is entirely without Foundation."

We have the greatest Satisfaction in informing the Public (and we flatter ourselves none Can Authority for it) that their Majesties, fatisfy affected at the Wounds given to Thousands of their British manufacturing Subjects, by the Wear of French Manufactures, have not only themselves determined never to wear any Thing whatsoever of that Kind, but to give the same all Discountenance Imaginable at their Court.

A speedy Commencement of Hostilities on the Coast of Guinea is now looked upon as hardly avoidable, considering the naval Strength of the French on that Station, who are actually said to have five Men of War of the Line, besides Frigates and Transports, with a considerable Number of Land Forces on board.

We are informed, the last West-India Mail dispatched, contained Orders for Sir William Burnaby to grant a sufficient Convoy from the Ships of his Squadron to the British Logwood Cutters in the Bay of Honduras, with positive Orders to repel any offered Indignities by Force.

The Ships of War which were ready to sail for the Newfoundland Station, we hear, will be countermanded, on Account of the Arrival of Commodore Pallifer.

The last Letters from Lisbon advise, that four large Transports, under Convoy of a King's Ship, sailed from the Tagus the 10th of December, with Materials and Ordnance Stores for his Portuguese Majesty's Western Islands, where some additional Forts are to be erected.

Extract of a Letter from Plymouth Dock, Jan. 1.

"An Express arrived Yesterday Morning at Plymouth Dock, with Sailing Orders for the Edgar, [who has been lying 15 Weeks in the Sound.] The Crew are exceedingly sickly, and their Disorder seems Epidemical. It is said there are near 70 upon the sick List; owing principally to want of fresh Air, the Weather in Winter Time being so bad in the Sound, that it is very seldom Ships can open their lower Tier of Ports.

"The Edgar is to sail in Company with the Shannon and Hound to the Coast of Guinea, to demolish a Fort called Abraica, which the French have erected opposite to ours in the River Gambia; she is not to touch at the English Settlements at all, but, after touching at Cape Coast and Annamaboe, make the best of her way back, without going to Jamaica.

"Commodore Graves, who commands the Edgar, is to hoist a Broad Pendant as soon as he sails."

On Saturday Night, about Ten, a Fire broke out in the Work-shop of Mr. Laiden, Sash-maker, at the Back of the Castle and Falcon Inn, in Aldersgate-Street, and burnt furiously till 4 o'Clock Yesterday Morning; which consumed that and several small Houses in the same Court. Cooks Hall was reduced to Ashes. The Flames reached Mr. Brown's Timber Yard, and consumed a great Quantity of Mahogany and other Wood, to the Amount of several Thousand Pounds Value. Two Houses in the front of Aldersgate-Street were damaged; the Castle and Falcon Inn received but little Damage. Several Persons were much hurt in endeavouring to save their Goods, and were sent to St. Bartholomew's Hospital. A Guard of Soldiers attended to prevent the People from being plundered.—Mr. Alderman Barley, assisted by the Officers, gave Directions to the Firemen, Guards, &c. as will we hope, not only prevent any future bad Effects from this terrible Accident, but hinder those worst of Thieves, who take Advantage of so calamitous a Misfortune, from pilfering the few remaining Effects of the already too much distress'd; three of whom were detected in secreting Goods during the Fire, and committed to Prison. We are likewise informed of the following Accident: A Shot-maker in Newgate-Street, Sunday buried by a Piece of Timber falling on his Bowels, who is since dead; and a Child of Mr. Spicer, Master of the Castle and Falcon Inn, who was

[illegible] out with two others in the Street, & likewise dead. A Gentleman who was left in Rack and manacled, is saving Mind.

Mess^rs. Murray and Nicolls, considerable Seeing Boat Builders by Leather-Lane Holborn, have just built a Cash that Sailed at 500 Guineas, of Strong Beer, with a proper Vacuum for the Air, and is superior to that famous Vessel built by Lady Parson's Works.

It is said Dispatches of a very singular Nature were lately sent off by Authority, to a certain British Governor in America, in Consequence of the very extraordinary Behaviour of the Council and Assembly of that Province, over which he presides.

It has been computed, from an Estimate sent over by the late New-York Mail, that 500 Pieces of Iron Ordnance, great and small, will be required to fortify the most important frontier Posts, extending from the Forks of Delaware to the Western Confines of that Province, including the Cannon to be put on board the several armed Vessels for the greater Security of Navigation on the Lakes Erie, Ontario, and Michigan.

It is said the six Independent Companies of New-York, which were broke some after the Peace, will speedily be put in Commission, under proper Regulations, and to be in the Pay of that Province.

WILLIAMSBURG, [illegible].

Capt. James Briggs, of the Schooner Richard, from Grenada, arrived in York River, informs us, that on the 30th of January, in Latitude 31° 30' Longitude 69° 35' he saw a Ship to Leeward, which hove out a Signal of Distress, whereupon he immediately bore down to her. She proved to be a Ship from London, called the Planter's Adventure, Miles Lowley Commander, which had been out 11 Weeks, and had been within two Degrees of where she then was from Christmas Day, the Wind being constantly westerly. The Ship was very leaky; and the Captain said that they had only 4 Casks of Water on board, and of which Sunk to that he was afraid they could not be save. There were 60 People in her, 40 of them Palatines, sent by Subscription to settle our Conquests; and a Charles-Town Lady, who was very ill, and at the same Time big with Child. All the fresh Provisions in the Ship being exhausted, this poor Lady was in a deplorable Situation; and tho' it was not in Capt. Briggs's Power to give them much Relief, he himself having for some Time been upon Allowance of a Biscuit, half a Pound of Meat, and a Quart of Water a Day, yet he let them have all his Live Stock, some Rum (of which they were quite out) and some other little Necessaries for the poor Lady. The Captain told him he was of Opinion they should be obliged to bear away for Bermuda, which he fancies they did, the Wind having been westerly ever since.

Capt. Thompson of the John and Peggy, from London, arrived in James River, in Latitude 37 spoke a Sloop from Teneriffe, which a few Days before had been plundered of every Thing of Value by a Spanish Brigantine. The Spaniards ordered the Sloop's Boat on board, which being leaky was at first refused; but on their firing into them, the People were obliged to submit to it, and on their coming on board the Brigantine were very ill used.

NEW-YORK, *March* [illegible].

Tuesday last, the Earl of London Packet-Boat, Capt. Baldwin, sailed with the Mail for Falmouth.

The same Day his Majesty's Sloop of War the Chalkley, Capt. Allen, arrived here from Halifax, after a tedious Passage of 4 Weeks. The following Ships of War were at Halifax when she sailed, viz. Romney, Aldborough, Seaford, Beaver and Scarborough; and we hear the Coventry, Arbuthnot Kennedy, Esq. Commander; and the Crescent, [illegible] St. John, Esq. Commander, were daily expected there, and to proceed as soon as fitted for Sea. Also, there to join the Squadron the three Sloops of War under the Command of Lord Colvill, viz. [illegible] and [illegible] with, as soon as the Season permits, a Number of Troops, in order to march from Halifax to Newfoundland, to endeavour to prevent the Return of numerous French Ships may arrive there early in the Spring.

By a Letter from *Rochelle*, of the 28th of *January*, we are informed, That several Vessels from this Province, and *Virginia*, have lately been seized there, and were expected to be Condemned, for Want of a Certificate from the Officers of the Customs of the Loading Port, setting forth, That the Captain, before he took on Board any enumerated Goods, had given Bond, with Security in the Penalty of One Thousand Pounds, agreeable to the late Act of Parliament, obliging Himself to Land them in some of the *British American* Colonies, with Condition, That if he took on Board any Molasses, Syrups, or Paneles, from either of the Islands not under the Dominion of his *Britannick* Majesty, he should carry the same, without Fraud, or wilful Diminution, to some of our Plantations in *America*, &c.

Saturday Night last, we had a Storm of Snow, and on Sunday Morning it was above Mid-Leg deep on a Level; but it is now all gone.

Such has been the Success by Inoculation in this City, for the Small-Pox, since it's Spreading, that no One has Died, tho' Hundreds have been Inoculated.

NOTICE is hereby given, That any Letters remaining in the Post-Office of those which were Advertised in Gazette N°. 1035, will be sent to the General-Post-Office on Monday the 8th Day of *April*, without fail.

He is a stout swarthy looking old Fellow, pretends to have been many Years Boatswain of a Ship, and seems to understand the Business very well. THE Subſcribers beg Leave to inform the PUBLIC, That they have lately Erected, at *BALTIMORE-TOWN*, in MARYLAND, A DISTILLERY for making RUM; which, (by many good Judges who have ſeen it) is allowed to be one of the largeſt, compleateſt and beſt conſtructed STILL-HOUSE of any in NORTH-AMERICA: And having furniſhed themſelves with an expert DISTILLER, and a plentiful Stock of MOLASSES, they purpoſe to carry on the DISTILLING BUSINESS extenſively, and to ſupply conſtantly the Demand for Home-made RUM, at nearly the ſame as the *Philadelphia* Prices, at leaſt on much lower Terms than the Province of MARYLAND has been generally ſupplied with that Article. The RUM already made by them has been highly approved by the beſt Judges, and deemed ſuperior to either *Philadelphia* or *New-England* RUM; and they hope to give Satisfaction to the Public, as well as maintain their own Reputation, by continuing to make always of the ſame approved Quality.

As this Undertaking is ſo well calculated to promote the general Trade of the Province, and ſo convenient for ſupplying the Country Traders, Farmers, &c. who bring their Produce to *Baltimore* Market, as well as to promote the private Emolument of the Owners, it is hoped the Public will give proper Encouragement to a Branch of Trade ſo uſeful, and ſo much wanted in the Province.

Any Gentleman wanting Quantities of RUM for Exportation, by giving timeous Notice may be ſupplied, and proper Allowance made to ſuch, by
